Warren, Wednesday, June 27. 13th of July People's State Convention.

To THE FRIENDS OF PREEDOM IN OMO:

At a meeting of the Republican State Central Committee, appointed by the Anti-Nebraska Convention which assembled in Columbus on the 13th of July, 1854, it was resolved in committee with the public voice, that a Republican State Convention, to be composed of Delegates chosen by the independent Anti-Nebraska voters of Ohio, who participated in the glorieus triumph of last year, and such others as may sympathize with them, be called, to meet in the city of Columbus, on Friday, the 13th of July, 1855, for the purpose of nominating candidates for the following offices, to wit Governor, Lioutemant Governor, Auditor of State, Treasurer of State, Secretary of State, Attorney General, Member of the Board of Public Works, and two Judges of the Supreme Court.

General, Member of the Board of Public Works, and two Judges of the Supreme Court.

In compliance with the usual rule of representation adopted in State Convention, it was resolved that the ratio of representation in the Convention to assemble on the 18th of July next, should be one delegate for every five hundred votes cast in each county at the last election for Judge of the Supreme Court, and also one additional Delegate for every fractional vote so cast exceeding two hundred and fifty.

[By the apportionment of the Committee, the Contion will consist of 371 delegates, and Trumba lounty will be entitled to 6 Delegates.]

is recommended by the Committee that the Re-ican friends of Freedom in each County meet at usual place of holding County Conventions, on relay, the 7th of July, for the purpose of choosing gates, according to the above apportionment, to esent them in the State Convention to be held on

en it is considered that, in addition to the officers

when it is considered that, in addition to the officers for the Executive Departments of the State Government, there is to be chosen a General Assembly, upon which will devolve the duty of selecting a U. S. Senator, to fill the place of Hon. B. F. Wans, whose term expires in 57, and before which will come many measures of Referm in the demestic policy of our State, the importance of the approaching election will be comprehended by our reflecting fellow-citizens.

If the outrage upon the rights of the Free States by the repeal of the Missouri restriction, made it a duty last year to bury all minor differences in a united effort to arrest the progress of the Slave power, how much stronger has that duty become by the more recent exhibition of fraud and violence at the Kanna elections, and the denial of the rights of citizenship and the poscession of projectly to free citizens of Missouri and Kannas 7. The day of "compromises" has gone by We therefore appeal to our fellow-citizens to be active and vigilant. Send up a delegation to the 13th of July Convention Rice that which assembled has year, impressed with the magnitude of their mission, represent pressed with the magnitude of their mission, represent-ing the dignity of the State and the will of their consti-tuents, and assuredly success will again crown our united efforts.

L. G. VAN SLYKE, Secretary.

The Republicans of Trumbull county

are hereby called upon to assemble in Convention at Empire Hall, in Warren, an Wednesday the FOURTH OF JULY, at two o'clock, P. M. to nominate delegates to the State Convention to be held at Columbus on the 13th of July, for the purpose of putting in nomination a State Republican Ticket. The hour of the County Convention is fixed at 2 o'clock, so as not interfere with general celebration of the anniversary of Independence, which will occupy the earlier part of the day. Let every freeman come full of zeal to enter upon a campaign which shall more than repeat the glorious work of 1854. J. D. Cox. Josian Robbins, jr., B. F. Chase,

Celebration of the Fourth of July. Arrangements had been made to have

general celebration of the coming fourth of July, at this place. A meeting was held at the Gaskill House, on the evening of the 5th inst., to take the matter into consideration. The Republican call for a meeting to be held at the Empire Hall, in this town, at 2 o'clock, P. M., on the fourth of July, to appoint delegates to the State Nominating Convention, of July 13th.

This call was published in our paper of Wednesday, the 13th inst. On the Saturday following, the large handbills ting up of the handbills, and not one word was heard from any of the democratic gentlemen, respecting the call for show that they deemed it cfany importance. But nearly two weeks after the publication of the call, some gentlemen suddenly resolved, that no celebration of the 4th should be had, unless the Central Committee withdrew their call, and threatened to refund the money and let the whole matter fall through. Of course the Central Committee would not be brow-beaten, and they refused to withdraw the call; whereupon, the first arrangement did fall through.

What was the cause of the sudden waxing of holy indignation against the delegate meeting? Thereby hangs a

A gentleman of this place, a democrat of the first water, (we can give his name if necessary,) says, that he saw Mr. Cadwell, the proposed orator of the coming 4th, a few days since, and Mr. C. intimated that when he should speak before the people here, he should not withhold his own views, on some of the questions now agitating the public mind. When this was told to the thin-skinned democratic portion of the committee, then, and not till then, did the call of the Republican Central Committee loom up to such size as toovershadow all else. Now beit remembered that the suggestion to invite Mr. C., was first made by a Damocrat. But Mr. C. is a bold outspoken freeman, and advocates freedom; and of course it will not do to allow the rank and file of the pro-slavery party, to hear the truth, lest their eyes may be opened.

We presume the next Democrat will charge the first failure upon the Central we leave the public to judge for them. selves. The facts are before them.

A meeting was called on Friday evening to take into consideration the feasibility of getting up a grand celebration, without the aid of the disaffected part of the Democrats of the town, and in the language of one of the resolutions, permit them to smell pewder, whether they paid
